

New River Community College

Kappa Pi International Art Society

Iota Iota Chapter

Inaugural Meeting

Tuesday October 13, 2015

Minutes

Attendees: Including students and parents/family, there were 27 people present.

- Iota Iota met for the first time on the grand campus of New River Community College in Dublin, VA. The meeting started at 6 PM and concluded shortly after 9 PM
- Members were officially inducted (citing the oath/mission statement) and the ceremony was conducted by the Sponsor Professor Tammy Parks and the freshly elected student officers led by President Nora Bolt.
- Formal business was discussed and reviewed as well as policy and procedure
- Refreshments were served and art installation projects were started!

Projects:

- A) Tape People Statues: Members were used as models/molds as other members wrapped tape around them. The tape was then carefully cut and the individual parts were then stuffed and taped together to form a human like tape statue positioned in a way to appear to be sky diving.
- B) The Project would then include hanging the “skydiver” in the student lounge from the ceiling! Decorated with colorful balloons.
- C) Creation of the Kappa Pi shield for our chapter.

Summary: The inaugural meeting was a great success with inductees and family and friends all showing up in the Art Studio at NRCC for the event. The induction ceremony went off without a hitch and an art installation piece was completed. The next official meeting is scheduled for April 2016.
