

Athletic Eligibility Requirements

Club Teams

1. Participants must be high school graduates (diploma or state department of education approved high school equivalency test.)
2. Participants on any NRCC athletic team must be enrolled in credit classes at NRCC.
3. Enrollment becomes effective on the 1st day of class of the enrolled semester. Students may not participate in a game/contest prior to their enrollment date. (An exception occurs when an athletic team begins their season prior to the beginning of the fall semester.) Continuously enrolled students are eligible to participate in games/contests between semesters. (A continuously enrolled student is one who was enrolled and eligible in the previous semester and who will be eligible and enrolled in the following semester.)
4. Students may only maintain club sports athletic eligibility for 6 semesters. Semesters are consecutive following the 1st semester of participation. A semester of academic ineligibility counts as one of the six participation semesters.
5. If athletes do not attain the required semester or cumulative GPA, they will become ineligible beginning with the date grades for that semester are posted in the SIS Student Information System. The students will not become eligible until they attain the required semester and cumulative GPA in the following semester and grades for that semester are posted in the SIS Student Information System.
6. If athletes drop below the required minimum credits, they become ineligible on the class withdrawal date and remain ineligible for the remainder of the semester. The students may return to full participation on the enrollment date (first day of class) of the following semester if they satisfy all additional eligibility requirements.
